

THE WAY OF THE LEOPARD

with John Lockley with Deborah

December 10 - 15, 2020 Joshua Tree, CA

The angst of our world seems to be reaching epic proportions... succumbing to chaos and disharmony. The crisis is one of soul loss with the cure residing in the "heart of the matter" (the returning to our humanity, thus returning to our true self). The teachings of Africa speak about the heart, blood, and bones... reconnecting us to nature and our ancestors. Our healing! John Lockley~

John is one of the first white men in recent history to become a fully-initiated sangoma priest in the Xhosa lineage of South Africa. In the Foreword of John's book, **Leopard Warrior**, our Malidona Some wrote, "John is testimony to the ways in which the African ancestry pick and choose who they want to be the voice of their wisdom in the world... His life is a testimony of a hero's journey into uncharted territories. He is an artisan of these teachings and more... his work deserves respect and reverence."

Having spent a long weekend in ceremony with John recently, I completely agree. I am honored to introduce all of you to John... and he, in turn, to introduce you to the **Way of the Leopard!**
